COVID-19 Update	• Lorenze Legaspi shared Mesa COVID Page and COVID FAQ Page for employees. • Jacqueline Collins shared that each building has mask dispensers available and hand sanitizers all throughout the campus. If you walk into a building and do not see one, let Jacqueline know. We have distributed 1000s of wipes and masks. • Jacqueline: If you look at FAQs and still have questions, email Jacqueline Collins, Matt Fay, or Lorenze Legaspi. • Jacqueline: In the COVID FAQ, there is a link to submit safety concerns. Please let your constituent groups know they can report concerns anonymously. • Jacqueline: If you have been reported to be in close contact to a confirmed COVID case, you will receive a call from Karen Woods at District. • Lorenze: there is testing available on campus, find the schedule on the COVID FAQ Page. • Julian Arteaga: when there is a positive COVID case reported, Facilities employees go into space where COVID positive person was and proceed to spray and then wipe down the area. • Karen Woods: 90% of district cases are from vaccinated people with breakthrough cases and 10% of district cases are from non-vaccinated individuals.
