

Classroom Faculty Staffing Data by Subject

This report is intended to facilitate the integration of data into the Resource Request process. The data included in this report are intended to serve as a starting point; users are encouraged to explore additional data sources as relevant, including other [Mesa College Data Dashboards](#). Fall 2026 data is preliminary.

The data presented in this report come from the [Faculty Hiring Prioritization \(FHP\) Dashboard](#). For additional visualizations and disaggregations, please visit the dashboard, where you find other terms, can filter the data by course, faculty status, and other characteristics.

Definitions of terms used on this report:

Adjunct Headcount: Unduplicated headcount of faculty with an “Adjunct” overarching employment type for the term.

Contract Headcount: Unduplicated headcount of faculty with a “Contract” overarching employment type for the term.

Faculty Total Headcount: Unduplicated faculty headcount for the term across all faculty statuses, including Contract, Adjunct, and Pro-Rata.

FTEF: The total full-time equivalent faculty assigned to the section.

FTES: Full-time equivalent students enrolled. Approved repeats, non-residents, non-state-supported sections, apprenticeship sections, and contract sections are excluded.

Pro-Rata Headcount: Unduplicated headcount of faculty with a “Pro-Rata” overarching employment type for the term.

Section Count: The number of course sections offered. LCOM, EXAM, CBE, tutoring, and sections with a capacity of zero are excluded.

Subject: Identifies the subject area of the course.
